SkyScape escape module

The CIV SkyScape escape module is a specifically designed tubular net, equipped with slide segments. The application of this lifesaving system lets you evacuate your personnel in a fast and safe way in case of an emergency.

Highly advanced materials and our extended knowledge offered us the possibility to develop a compact and lightweight escape construction. Dimensions may depend on the requirements of the customer, based on the evacuation height and the available storage space. Furthermore the system can be equipped with a suspension and storage construction.

advantages:

- ✓ fast evacuation
- ✓ easy and safe application
- ✓ compact storage
- ✓ lightweight
- ✓ limited windage
- ✓ advanced materials
- ✓ evacuation height up to 100 meter
- ✓ decelerated descent

applications:

- ✓ offshore
- ✓ wind mills
- ✓ shipping
- ✓ staircases
